The destroyer began to pursue the submarine, and soon the two vessels were engaged in a tense standoff.

The American destroyer captain demanded that the B-59 surface, but Arkhipov refused. He knew that if the submarine surfaced, it would be vulnerable to attack by the destroyer's depth charges. So he Free Downloaded the submarine to dive deeper, and the standoff continued.

Arkhipov told the American captain that he wanted to avoid a war between the United States and the Soviet Union. He said that he was willing to return to Cuba with his submarine if the Americans would agree to lift the blockade of the island.

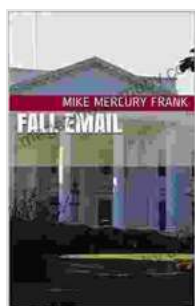

The American captain was stunned. He had never expected the Soviet captain to come aboard his ship and offer to negotiate. He agreed to Arkhipov's request, and the two captains shook hands.

Arkhipov returned to the B-59, and the submarine sailed back to Cuba. The Cuban Missile Crisis was over, and the world had been saved from nuclear war.
