In 1988, President Ronald Reagan signed into law the Civil Liberties Act of 1988, which provided reparations to Japanese Americans who had been incarcerated during World War II. The act was the culmination of a decades-long campaign by Japanese American activists, who had fought tirelessly for justice and recognition of the wrongs that had been done to them.

The Inside Story of the Successful Campaign for Japanese American Reparations tells the story of this campaign, from its beginnings in the aftermath of World War II to its ultimate success in 1988. The book is based on extensive interviews with key participants in the campaign, including activists, politicians, and government officials.

The book provides a detailed account of the challenges that the activists faced, including racism, political opposition, and government resistance. It also highlights the power of grassroots activism and the importance of perseverance.

The Inside Story of the Successful Campaign for Japanese American Reparations is a must-read for anyone interested in the history of the Japanese American incarceration, the fight for reparations, and the power of grassroots activism.
